Tools - Download Offline Image Viewer (OIV)

Download OIV and install in computers.

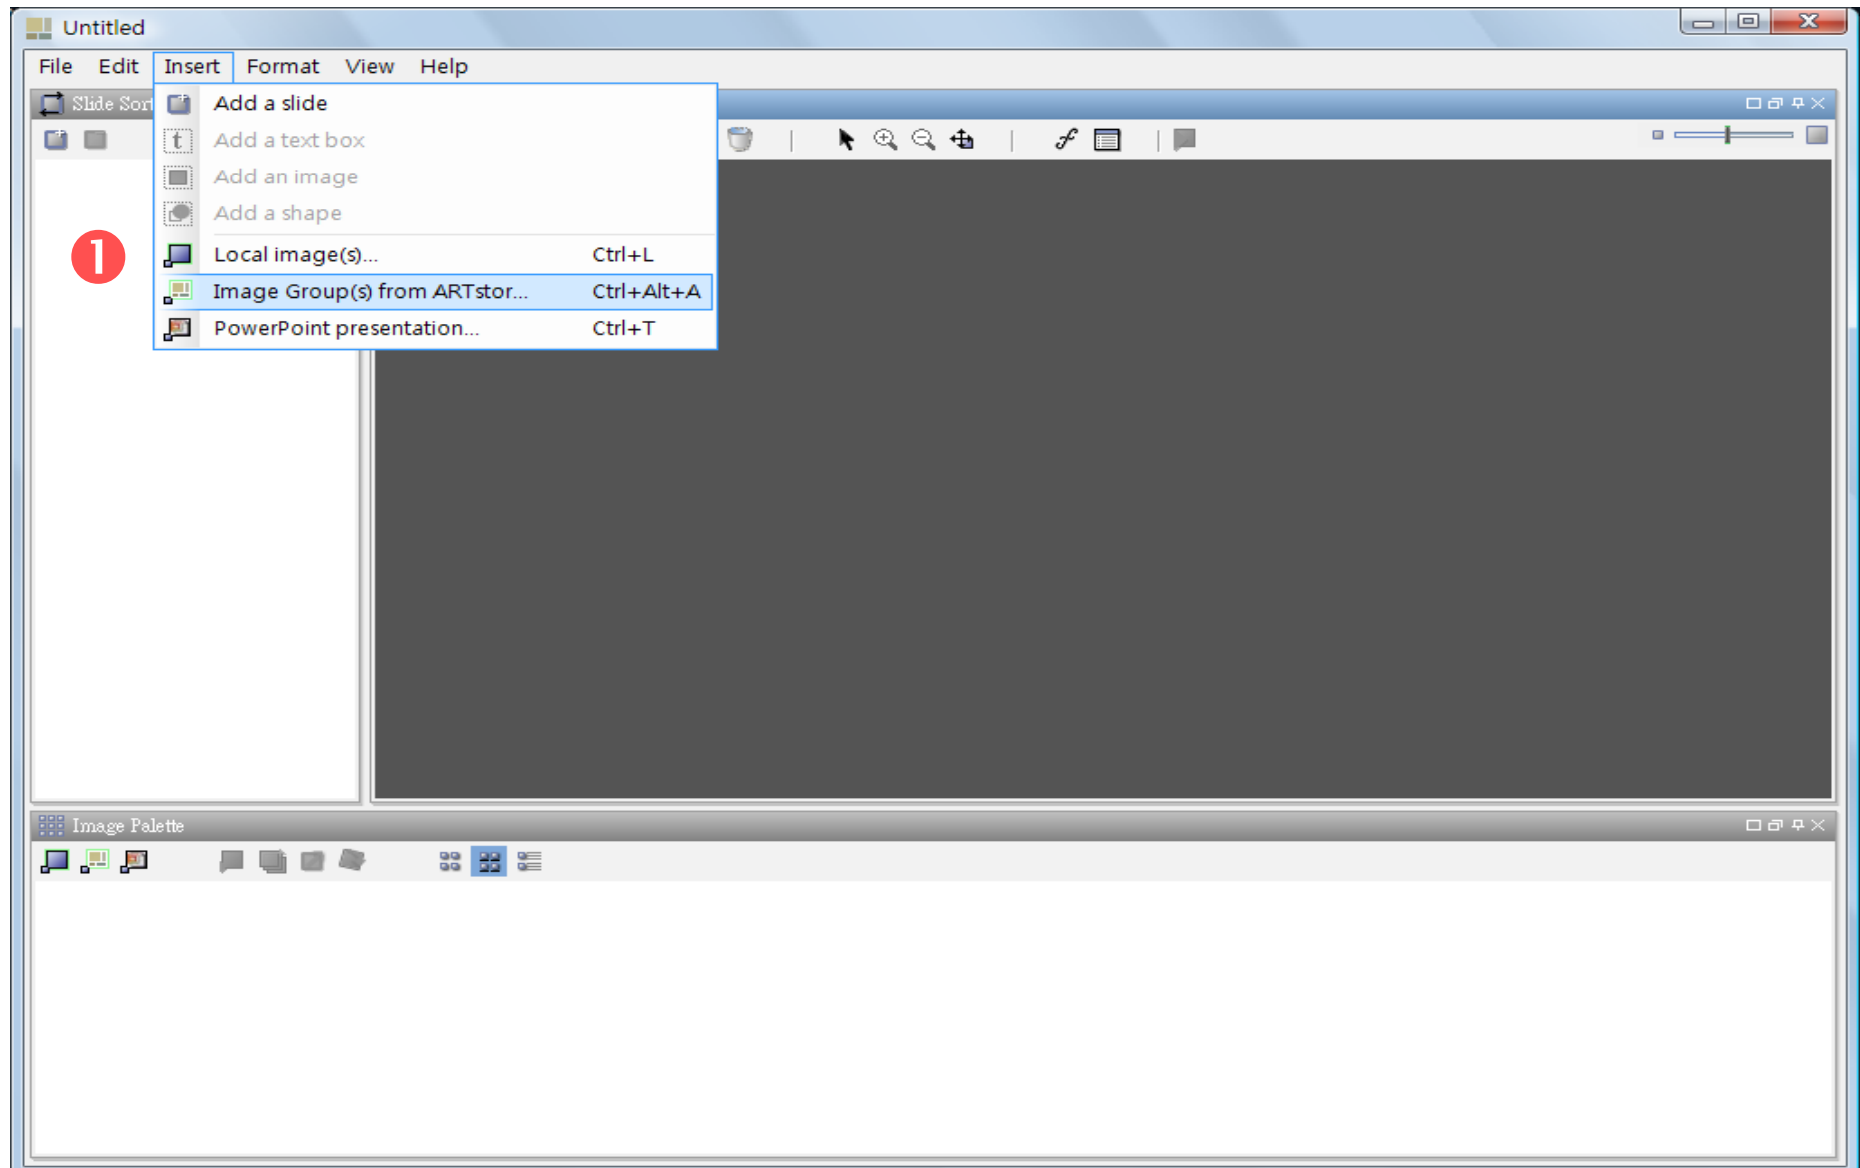

The Offline Image Viewer (OIV) is an offline software developed by ARTstor to meet the demands of presenting high-quality digital images for teaching and learning.

With OIV, you can:

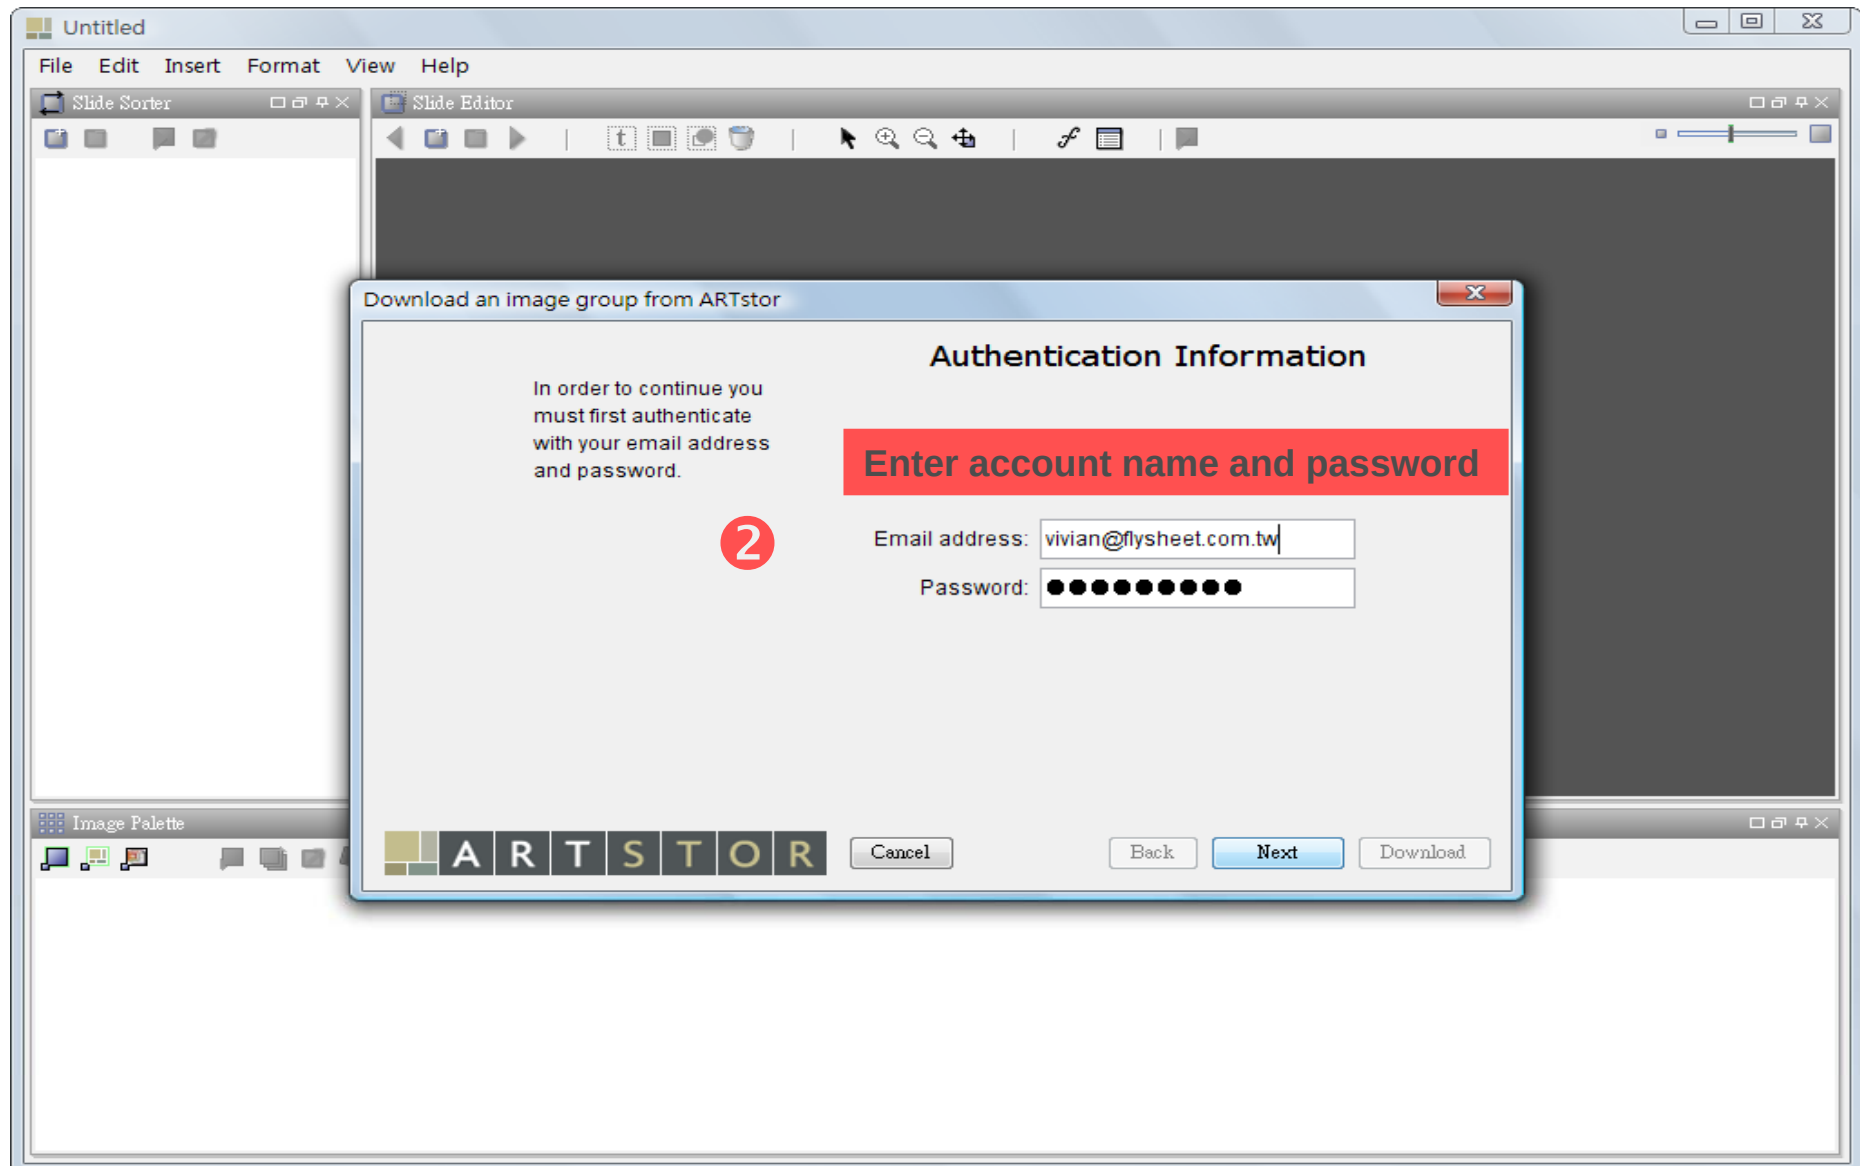

- 📌 Deliver offline image presentation
- 📌 Zoom and pan while presenting images
- 📌 Combine local and ARTstor images
- 📌 Import existing PowerPoint presentations
- 📌 Create customized slide layouts using images and text
- 📌 Upload images and slides to a Personal Collection in ARTstor
- 📌 Save presentations and software to ARTstor for media storage and portability

For detailed OIV usage instruction, please visit:
<http://help.artstor.org/wiki/index.php/OIV>
